Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner informed applicants attorney, Burton Rodney, that the Examiner's Supervisor has suggested (1) the cancellation of claim 5 because  $(CH_2)_k$  does not include "alkenylene, alkylene or allenyl and thus, not properly dependent on claim 1 (2) defining variables  $R^1$  and  $R^2$  in claims 9 and 14 (3) the deletion of  $-C-$  and  $-CH-$  from claim 10 and also  $-CH-$  from claim 17 for lack of antecedent basis.

The attorney, Burton Rodney, referred the Examiner to page 62 of the specification where the definition of  $(CH_2)_k$  include the substituents that have been suggested to be deleted. Permission was given to include the definition of  $R^1$  and  $R^2$  in the Examiner's amendment authorized on 01/13/04.
